Subject: Microsoft Settlement

I have read about the proposed settlement, and I am not in favor of it in its current state. Please consider this a vote against the current settlement, as well as a vote to seek a settlement that is more favorable to Microsoft's competitors.

It is in my opinion as a software professional, that the proposed settlement does not do enough to promote the advancement of technology through fair competition and commodity markets.

Many of my grievances can be noted on Dan Kegal's website as indicated in his essay
